SUBJECT: OSA Slot for [REDACTED]

25X1A

25X1A 1. I talked to John Parangosky today about [REDACTED] assignment at the [REDACTED] and the availability of a slot. Particularly, I indicated that if a slot were not available in the R&D area, that we would have to think seriously about putting [REDACTED] in the Operations' slot which is established at the [REDACTED] and I felt that this would not be in the best interest of the Program.

25X1A 2. John Parangosky concurred and said that he would designate the slot immediately. [REDACTED] will advise as to what this number is.
